

# J. Tyson Moore

## OBJECTIVE

To obtain an internship during the summer of 2006 that will utilize and enhance the skills I've already developed while challenging me to learn more about myself and my profession.

## EDUCATION

**BS in Information Systems, (m) Leadership Studies**  
**Kansas State University, Manhattan, Kansas**

**2002-Present**

Expected graduation in May 2007. Cumulative GPA 3.2 on a 4.0 scale.

## WORK EXPERIENCE

**Windows Systems Administrator**

**March 2004-Present**

**Computing and Information Sciences Department, Manhattan, Kansas**

Administered several Microsoft Windows Server 2003 Enterprise machines, including primary and secondary domain controllers, file server, terminal services (remote desktop) server, print server, and Systems Management Server. Maintained over fifty Microsoft Windows XP Professional workstations, including building lab machine images, updating software, creating MSI or Windows Installer packages, and troubleshooting security permission issues. Also served as the primary computing account manager for the department, which includes over 1,000 users ranging from undergraduate students to tenured faculty and staff.

**Student Dell Representative**

**June 2005-Present**

**Dell Computers, Manhattan, Kansas**

Developed comprehensive marketing scheme for Dell Computers targeting students at K-State. Served as the primary student contact to Dell Computers and interested students at Kansas State University. Administered several product demonstrations and question-and-answer sessions.
